Design consultancy to improve the quality of the local NGO buildings.

## ABOUT ME

I am a freelance architect, with a passion for urban regeneration and an innate propensity for communication. My Architecture background leads me to conceive spaces that are people-oriented. The experience gained in the last years allows me to broaden the boundaries of these spaces to the city. On the human side, my experiences and travels around the world helped me to develop an attitude for adaptation to different situations and an inexhaustible curiosity towards everything I don't know.

## EDUCATION

### Architect State Examination

06.2015\_Politecnico di Milano, Italy

### Master Degree in Architecture

10.2011 - 12.2014\_Politecnico di Milano, Italy
